**A. Applicants did not receive an Office Action**

This application was unintentionally abandoned for failure to respond to an Office Action never received by the Applicant. Applicants did not receive the Notice to File Missing Parts that was mailed by the PTO on February 8, 2000. Applicants prior representative spoke with Examiner Martin on September 11, 2000, at which time they were notified that the application had gone abandoned. Examiner Martin faxed the Office Action to the Applicants' prior representative on September 11, 2000, a copy of which is enclosed. Subsequent to September 11, 2000, this application as well as other applications assigned to the common assignee were transferred to Applicants' current representative, Needle & Rosenberg, P.C. Applicants current representative reviewed the issue and applicants now petition for revival.
